

STORIES ON WHEELS

STORIES ON WHEELS is an original street theatre storytelling act for the whole family. Tales are brought to life by a high-energy comic performer, using beautifully illustrated picture cards displayed in a magnificent miniature wooden stage attached to the back of a vintage bicycle.

Inspired by a traditional Japanese travelling storytelling show called Kamishibai (literally *paper theatre*), the show combines the best of oral storytelling and narrative painting. Featuring gorgeous illustrations by local artists, as well as traditional picture cards from Japan, several short stories are told with music, dramatic action, and audience interaction. As well, the audience gets to hear an amusing and informative history of the art form. You've never been told a story this way, before!

The show is extremely portable, low-tech, and flexible, and can be performed in a wide range of environments, from large theatres with full technical support, to classrooms, to impromptu street performances on a bit of grass or sidewalk.
